

REMARKS

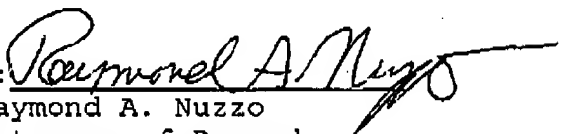

Applicants filed a supplemental amendment on July 19, 2004 which presented three (3) claims that were inadvertently mis-numbered as claims 58-60. These mis-numbered claims 58-60 should have been numbered as 57-59, respectively. Therefore, this amendment renumbers claims 58-60 as claims 57-59, respectively.

Thus, Applicants submit that any and all remarks and arguments supporting patentability, with respect to mis-numbered claims 58-60, presented in the amendment of July 19, 2004 are applicable to renumbered claims 57-59.

The Examiner is urged to call the undersigned if he has any questions concerning this amendment.

Respectfully submitted,

August 22, 2004
